

## MECHANICAL SERVICES | Turnkey Engineered Solutions

Stark Tech's enhanced turnkey capabilities includes reliable heating and air conditioning, maintenance, and repair and replacement services. With more than 20 years' experience servicing the Florida area, our team has a unique self-performance delivery method for in-house services with significant bonding and financial capacity.

We deliver world-class HVAC system design, installation, and maintenance services for businesses of all types and sizes from small offices buildings to large commercial facilities. We help control energy and operational costs by utilizing building automation, energy management, and system commissioning programs.
